The brightest stars are those who
shine for the benefit of others.

FRIENDS OF CHILD ADVOCACY

Friends of Child Advocacy is a not-for-profit organization which raises funds to provide supportive services for the hundreds of sexually abused children who pass through the doors of the Kane County Child Advocacy Center each year.

The Child Advocacy Center, located in downtown Geneva, was founded in 1994 to coordinate the Kane County response to child abuse allegations; combining investigation, court intervention and healing services for victims of abuse.

APRIL IS CHILD ABUSE PREVENTION MONTH

Please help us to meet the special needs of abused children in our community and continue the abuse prevention programs that will help protect all of the children of Kane County.
